

Walgreens Boots Alliance publication of UK Tax Strategy

Context

This document sets out Walgreens Boots Alliance UK Group approach to tax in accordance with section 16(2) Schedule 19 Finance Act 2016 and relates to the year ended 31 August 2022. This statement applies for all UK entities in the group headed by Walgreens Boots Alliance, Inc. for the period. This document is subject to annual review.

Walgreens Boots Alliance

Walgreens Boots Alliance (“WBA”) is the largest retail health, pharmacy and daily living destination across the US and Europe. Our purpose is to help people across the world live more joyful lives through better health. WBA brings together some of the best, and most recognized brands in healthcare, retail and beauty, with a purpose to enable more joyful lives through better health. Our heritage goes back over 170 years, centered on care – for our customers, for each other and for our communities.

Including equity method investments, WBA has a presence in more than 9 countries and employs more than 315,000 people including 35,000 pharmacists and has over 13,000 stores. In addition, WBA is one of the world’s largest purchasers of prescription drugs and many other health and wellbeing products.

Walgreens Boots Alliance is an integrated pharmacy, healthcare and retail leader committed to being a force for good around the world. As a trusted, global innovator in retail pharmacy, we’re shaping the future of healthcare through dispensing medicines, improving access to a wide range of health services, providing high quality health and beauty products and offering anytime, anywhere convenience across its digital platforms.

Approach to Tax Management and Governance

The WBA Senior Vice President, Global Tax (“SVP Tax”) owns and manages WBA’s approach to tax. There are clearly defined roles and responsibilities which aim to ensure consistent and effective standards of tax management throughout WBA. The values and behaviours which apply to all employees are set out in WBA’s Code of Conduct and Business Ethics. The SVP Tax has functional responsibility for the management of most taxes. The governance of this responsibility is documented in the WBA Internal Tax Policy.

Significant tax issues and risks are communicated to the WBA Global Chief Financial Officer and are approved pursuant to our Internal Tax Policy. We are accountable to our Board of Directors and its Audit Committee for the maintenance and execution of our policies and processes.

On a periodic basis, independent assurance oversight is provided by WBA Internal Audit who report to the Audit Committee.

The Tax department, in partnership with the Business and Finance Leaders, who are close to and therefore most familiar with the local businesses, have responsibility for the day to day management of all taxes.

WBA's in-house tax team comprises suitably qualified and experience tax professionals. The SVP Tax is responsible for the ongoing training and development (via Continued Professional Development of relevant Taxation Institutes) of all tax professionals within WBA.

Approach to Tax Risk and Dealing with Tax Authorities

When considering the approach to tax risk and dealing with tax authorities, WBA's approach is to:

- Seek to comply with all laws to which it is subject;
- Absolutely prohibit illegal tax evasion in any of its business operations;
- Not to enter into transactions purely for the avoidance of tax;
- Seek to develop strong professional working relationships with tax authorities in countries in which it does business;
- Seek to manage its tax compliance activities to comply with taxation laws and regulations of countries in which it does business, and require that tax returns are accurate and are filed on time in accordance with the deadlines in each country. Positions taken in tax returns must be supported adequately;
- Seek to pay tax liabilities on a timely basis in accordance with the deadlines for payment in each country in which it does business;
- Seek an external tax opinion or advice in relation to complex and significant issues or where there may be uncertainty.

We endeavour to have an open and transparent relationship with HM Revenue and Customs ("HMRC") and other tax authorities. With regard to HMRC we are in regular dialogue with our Customer Compliance Manager (who is our central point of contact) to discuss and ensure we are meeting our UK tax compliance obligations. In circumstances where there may be uncertainty on a tax related matter, we will generally seek to discuss the matter with the relevant tax authorities in order to obtain certainty for both the Group and the tax authority concerned.

Tax Planning

WBA Tax works in partnership with the relevant Divisional Business Leaders to identify and evaluate the tax implications of all complex and significant business transactions. WBA's practice is not to enter into transactions purely for the avoidance of tax.

Where tax incentives, reliefs, exemptions and deductions are made available by Tax Authorities WBA will, where applicable, claim the benefit of these.

Walgreens Boots Alliance

WBA seeks to apply the “arm’s length” standard to all intercompany transactions, to comply with applicable local tax laws and regulations and give due consideration to internationally accepted methodologies and standards for intercompany transactions.
